Where reputation matters

We are proud to be celebrating **10 years** in business!

Established in 2011 by Steven Malone the company comes from humble beginnings with just Steven and his small team operating one van covering East Renfrewshire and the surrounding areas. Fast forward 10 years and the company have seen significant growth, now employing 15 staff and operating 6 vans to cover roofing work across Scotland and the north of England!

Customer service is at the forefront of everything that they do. From the initial evaluation to the final installation Evana's highly skilled team keep you updated on each step of the process, ensuring minimal disruption to your life.

Initially specialising in domestic roofing work Evana branched out into the commercial side of things, building relationships with a number of national companies, as well as becoming preferred roofers for the many property factors across Glasgow, testament to the hard work the company does.

After an initial 10 week closure in March due to the Covid-19 lockdown the company not only resumed trading after this difficult period, but continued their growth, adding 5 employees to their existing 10, 2 more vans to take their fleet to 6 and even moving premises to the Clydesmill Industrial Estate, Cambuslang.

So for any roofing work look no further than Evana! All of their new roofs come with a 10-year insurance backed guarantee from the Confederation of Roofing Contractors.
